

Dr. J. Weldon Gilbert
Help Is On The Way
Psalm 13:1:6
October 16, 2016

The devil never stops. The devil will cause you to feel isolated and far away from God. He comes to take you off course. The devil does not like for you to be in the presence of God.

The devil is low down and dirty. He will pick on you for no cause because he loves chaos. Even when you are praying or reading your Bible, the devil will still pick a fight with you.

David asks the question, how long does he have to wait on the Lord to deliver him.

1. We See David's Perplexity

We need God's presence and His face because the devil wants to take our mind and change the way we feel about the Lord. Although David was disturbed about the attacks of his adversary, he was more concerned with what the Lord was not doing. Lord how long?

2. We See David's Petition

We need restoration and rescuing. We need the Lord to lighten our load. Lord restore us, Lord don't leave us where we are. We don't want to feel like we're not in your presence. Fix us, mold us; put us back together again.

Some folk will kick people when they are down? Lord don't make my punishment public. Don't let people watch me go down in defeat. We're tired of fighting with the devil. Lord Look on me.

3. We See David's Praise

God's love can transform your situation no matter what it is. His love can transform your life and raise you above your situation.
